

## Weill Cornell Anesthesiology Launches New Division of Regional Anesthesiology and Acute Pain Medicine

October 9, 2014

The Department of Anesthesiology at Weill Cornell Medical College is pleased to announce the formation of the **Division of Regional Anesthesiology and Acute Pain Medicine**.

This group consists of fellowship-trained physicians specializing in regional and acute pain medicine techniques. The clinical focus of this division is the multimodal treatment of patients experiencing acute and peri-operative pain.

In addition to its clinical services, the division participates in research, fellowship training, and resident and medical student education.

This group will be led by Co-Directors **Tiffany Tedore, MD**, Associate Professor of Clinical Anesthesiology, and **Roniel Weinberg, MD**, Assistant Professor of Anesthesiology, to whom questions and comments should be addressed:

## **ABOUT WEILL CORNELL ANESTHESIOLOGY**

Founded in 1947, the Weill Cornell Department of Anesthesiology is committed to innovation in perioperative clinical care to maximize quality and efficiency in anesthesia, pain and critical care, along with discovery and translation of novel therapies and healthcare delivery models in a thriving academic environment. The Department is home to over 75 faculty with expertise in numerous anesthesia subspecialties and holding leadership positions in the major national and international societies and journals. Our anesthesia care team includes 50 Certified Registered Nurse Anesthetists who provide outstanding care in more than 60 anesthetizing locations throughout the medical center and affiliate institutions. Weill Cornell Anesthesiology's education program is highlighted by our highly-regarded residency program with positions for 78 physicians in training, including interns and residents. The Department offers ACGME-approved fellowships in Pain Medicine, Critical Care Medicine, Cardiothoracic Anesthesia, and Obstetric Anesthesia, and additional fellowships in Global Health, Thoracic Anesthesia, Neuroanesthesia, and Regional Anesthesia. We also have a competitive Van Poznak Research Scholarship to foster the development of physician-scientists during residency training.
